## 24. Force Majeure or Baulking

The organisers will not accept any claim from competitors concerning either Force Majeure or Baulking.

However on the grounds of safety due to an accident or adverse weather conditions, or any other reason should the normal running of a special test (Test Start to Test Finish only) be stopped or interrupted for any reason whatsoever, after passage of one or more competitors and it proves impossible thereafter for other competitors to drive the section under competitive conditions, the Clerk of the Course may give to each crew that has been affected a notional time based on the average penalty set up to the moment of interruption.

If the Section is re-started those crews completing the Section after the re start will receive the time taken by them, as will those competitors who completed the Section before the stoppage.

# Supplementary Regulations

ONLY those crews affected by the stoppage may be given a notional time in this instance. However, no crew that is totally or partially responsible for stopping the section may benefit from this measure. If they finish the section they will be given the penalty that they actually accrue even if this is greater than the penalty awarded to other crews.

“Normal running” may include (but not exclusively) serious accident, blockage on route, faulty/ stopped clocks, instruction by officials to cease competition (partially or completely), emergency reroutes etc. No competitor may re-start the section again, penalties as SR 22 (v) will apply.

## 29. “Rest Halt” / Trailer Park

Each competitor will be allocated a rest halt space, details of which will be included in the Final Instructions. As there is limited space available at Mereworth for vehicle parking, for safety and comfort we strongly encourage all competitors keep vehicles and equipment to a minimum. There will be an off-site trailer park at a location nearby to Mereworth. Competitors trailering vehicles must unload at this location and leave the trailers behind.
